PUBLIC SERVICE ANNOUNCEMENT

The National Ozone Unit in conjunction with the Grenada Refrigeration, Air Conditioning and Ventilating Association and T. A. Marryshow Community College announces a Scholarship Program for persons interested in completing the two year Refrigeration and Air Conditioning course at TAMCC.

Ten (10) full scholarships will be awarded to successful applicants for the first year of the refrigeration and air-conditioning course of the 2010/2011 academic year.

Applicants must meet the TAMCC entry requirements for the course and will have to complete a 300 word essay on: **“The importance of Refrigeration and Air Conditioning in Protecting the Stratospheric Ozone Layer.”**

Application forms are available at TAMCC, and the National Ozone Unit in the Energy Division, Ministry of Finance.

All applications must be submitted to the National Ozone Unit, on or before September 8th, 2010.

For further information, kindly contact the National Ozone Unit on telephone numbers: 435 8708 or 409 8128.
